'09 Mer Blanc

Ms. Merlene's, our resident globe-trotting adventurer, rose' is sinfully delicious. The color is a cross between burnt sienna and coral rouge, while the aromas are of pink grapefruit. On the palate we have flavors of sweet citrus, backed by some nice tingly acidity. Most of all, it goes down oh so effortlessly. The Alexander Valley in northern Sonoma County consistently produces some of the loveliest Merlot for Merlene's rose'. The wine, with a kiss of color from the skins of the grapes, also spent a little more than a few lazy days in neutral French oak barrels, which gives it its roundness and smooth texture.

Appellation:
Alexander Valley
Alcohol: 12.5%
pH: 3.34
Total Acid: .65
